ABOUT ME

I am currently a Student at Saint John Paul II College of Davao. As a passionate UI/UX Designer and a Bachelor of Science in Information Technology student, I thrive on exploring and building impactful designs. My goal is to combine creativity with functionality to deliver dedicated, intuitive, and meaningful digital experiences. With a strong foundation in user-centered design and practical skills in responsive design, I enjoy creating user-friendly applications that make technology accessible, engaging, and impactful for all users.
